

PROFESSIONAL TRAINING PROGRAM FOR TAP DANCERS

3 levels: intermediate, intermediate/advanced and advanced

This nine-month Program is designed for Tap students that aim to acquire all the necessary skills and knowledge in order to dance professionally. The main goal of this Program is to help students to become a professional dancer, choreographer and improviser, including them to dance in a professional company.

Guillem Alonso (creator of this Program and Director of Escola Luthier de Dansa) has been one of the main forerunners of Tap Dance in Barcelona. He has been training professional dancers of various generations in the last twenty five years. For this Program he has chosen teachers, choreographers and educators with years of educational and performing experience.

The coming Professional Tap Training Program will run from October 1st 2018 to June 28th 2019. The classes are from Monday to Friday 4 hours a day in the mornings (int/adv & adv levels) and 3 hours a day in the afternoon (int level). The students will learn technique, repertoire/standards and improvisation as well as gaining an understanding of various styles taught by different teachers. The students will also take complementary classes like Jazz-Dance, Ballet, Music, Body Percussion, Lindy Hop, sound and lights, Acting, Tap History or Anatomy, among others. The Tap teachers of our program are Guillem Alonso, Roser Font, Sharon Lavi, Laia Molins, Maria Bossy, Rubén Pérez, Rubén Sánchez, Estefanía Porqueras, ... International guest teachers will also be invited. Guest teachers in the past Programs: Michelle Dorrance, Nicholas Young, Chris Matallo, Susan Hebach, Josh Hilberman, Mark Mendonca, Mark Yonally, Jessie Sawyers, Heather Cornell, Andrew Nemr, Jason Janas, Carfier Williams, Max Pollak, Avalon Rathgeb, Thomas Wadelton, Sebastian Weber, Laurent Bortolotti, Hillary-Marie and Steven Harper.

We strive to encourage from day one the experience of dancing in professional shows and companies. For this reason, the advanced students in this Program will be given the opportunity to dance in shows under the auspices of the Program and attend regular Tap jams. After completing the Professional Training Program, the student will receive a Certificate from Escola Luthier that accredits the training hours and acquired knowledge.

All the teachers of the Program can speak Catalan, Spanish and English, depending on nationalities of the students. We also offer free basic Spanish lessons for foreign students during the first 3 months of the Program.

No, we don't offer this service. But we can put students in touch in order to find an apartment together.
